Discussion: Consider: What is it? What is your interpretation rationale? How does this context relate to surrounding contexts? Have there been post-depositional processes? Are there special characteristics of this context? How was this context formed? What do you think is the origin of this context?

Top soil extracted ~~from~~ by the excavating machine. Lots of material, some special shells. Material from Late Neolithic II.
Material was found after looking through the soil on the sides of the trench.
